Medical Toxicologist

Dallas-Fort Worth, Texas

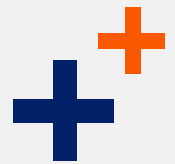

About the Position

- Medical Toxicologists with North Texas Toxicology (NTT) have protected time for in-person and virtual toxicology consults covering four hospitals, including two Level 1 centers.
- NTT is affiliated with three EM residencies and three medical schools, providing ample teaching opportunities.
- Clinical locations available within the Dallas-Fort Worth area.
- Employee status with benefits including medical, dental, vision, 401K with matching available, and CME allowance.
- Occurrence-based malpractice insurance coverage provided.
- Competitive productivity-based compensation for clinical shifts with ability to earn additional income through the Toxicology Service.

Qualifications

- BC/BE (ABEM/ABOEM) in Emergency Medicine
 - BC/BE for subspecialty certification in Medical Toxicology
- Fellowship trained in Medical Toxicology
- Must possess strong interest in advancing education in Medical Toxicology
- Be a vital contributor to the toxicology service
